Definition

RoHS

The RoHS directive took effect on 1 July 2011, and is required to be enforced and become law in each member state. This directive restricts (with exceptions) the use of six hazardous materials in the manufacture of various types of electronic and electrical equipment.

Substances

Substances are all Substances, preparations or products within the meaning of the Document mentioned in Chapter „References“, herein referred to as „Substances“.

Statement

MA-INDUSTRIE GmbH is a manufacturer of high quality foam packaging.
The company is located in Germany.

As MA-INDUSTRIE GmbH does not produce any electrical devices, MA-INDUSTRIE GmbH's products do not fall under the RoHS regulation. Based on our actual knowledge, none of the substances, products or auxiliaries of our suppliers are affected through RoHS regulation.

Should we gain knowledge about about RoHS relevant substances, we will take immediate action in order to comply RoHS regulation.

Further, all of our suppliers are asked to provide RoHS Conformity Statemens regularly.

17.06.2019,

Date,

Michael Schwimmbeck
Managing Director
